

**On July 1, 2010,
Washington State
will have a new
online recruiting
system.**

**The new system will
be the recruiting and
job application center
for all state agencies.**

- ▶ **The new system is easier to use**
- ▶ **The State Jobs site (www.careers.wa.gov) will get a new look, but the address will remain the same**
- ▶ **There will be no transfer of data to the new system. If you've applied previously, you need to re-apply after June 30**
- ▶ **If you've applied for a job using the current system (E-Recruiting), you can download your application and use it to assist when entering a new application**
- ▶ **Learn more about the new system (Online Recruiting System) www.dop.wa.gov/recruitment/RecruitmentSharedServices/**
